10 Actionable Next Steps

1. Executive Summary

Taskly.ca is a managed, two-sided home services marketplace targeting the Greater Toronto Area (GTA). We connect homeowners and renters with vetted, insured service professionals across four verticals: cleaning, emergency repairs, maintenance, and seasonal services.

The Problem: The GTA's home services market is fragmented. Homeowners waste hours on Google, Kijiji, and word-of-mouth referrals to find reliable providers. Existing platforms like HomeStars are lead-gen directories (not managed marketplaces), TaskRabbit is gig-economy-oriented with inconsistent quality, and Jiffy has limited geographic coverage. None offer the end-to-end managed experience that Urban Company pioneered in India.

The Solution: Taskly is a full-stack managed marketplace — we own the customer experience end-to-end. Standardized pricing, vetted providers, real-time booking, in-app payments, quality guarantees, and a trust-first brand.

Wedge Strategy: Launch with home cleaning in downtown Toronto and Midtown, then expand to emergency services, then the full marketplace across the GTA.

500+ VETTED PROVIDERS	**3,000+** MONTHLY BOOKINGS (MONTH 12)
$2.5M YEAR 1 GMV	**18-24 mo** PATH TO PROFITABILITY

2. Market Research (GTA-Specific)

2.1 Market Sizing

METRIC	VALUE	SOURCE / BASIS
Canada Home Improvement Market	$38.3B (2025)	Industry data
Canada Online On-Demand Home Services	Projected US$738M by 2030 (14.8% CAGR)	Grand View Research
GTA Population	~7.0M (2026 est.)	Census/StatCan
GTA Households	~2.7M	StatCan
Avg Household Spend on Home Services	~$3,200/year	Industry estimates

~$8.6B
TAM (TOTAL ADDRESSABLE MARKET)

~$3.4B
SAM (SERVICEABLE ADDRESSABLE)

$17-34M
SOM (YEAR 3 TARGET GMV)

14.8%
INDUSTRY CAGR

2.2 Competitor Landscape

PLATFORM	MODEL	STRENGTHS	WEAKNESSES	TAKE RATE
HomeStars	Lead-gen directory	Large contractor database, strong SEO, reviews	Not managed — just referrals. No booking, payments, or quality guarantee	$15–$50/lead
Jiffy	Managed marketplace	Fixed pricing, vetted pros, good UX	Limited categories, smaller geo coverage	~20–25%
TaskRabbit	Gig marketplace	Wide task variety, strong brand (Ikea-backed)	Inconsistent quality, gig-economy feel, US-centric	~15%
UrbanTasker	Marketplace	Canadian-focused, growing	Smaller network, less brand recognition	Commission-based
Handy	Managed marketplace	Strong in cleaning vertical	US-focused, limited Canadian presence	~20%
Kijiji/Facebook	Classifieds	Free, massive audience	Zero vetting, no trust layer	Free / ads

> ***Key Insight:*** *No player in the GTA owns the "managed marketplace" position with the quality bar of Urban Company. HomeStars is a directory. TaskRabbit is gig-economy. Jiffy is closest but hasn't scaled aggressively. The opportunity is a trust-first, full-stack platform.*

2.3 GTA Pricing Benchmarks

Home Cleaning

SERVICE	PRICE RANGE (CAD)	TASKLY TARGET PRICE
Standard Cleaning (1-bed apt)	$80–$140	**$99 flat**
Standard Cleaning (2-bed)	$100–$200	**$139 flat**
Standard Cleaning (3-bed house)	$150–$300	**$179 flat**
Deep Cleaning (2-bed)	$200–$350	**$249 flat**
Deep Cleaning (3-bed house)	$300–$500	**$349 flat**
Move-in/Move-out (2-bed)	$200–$400	**$279 flat**
Move-in/Move-out (3-bed)	$300–$600	**$399 flat**
Post-Renovation Cleaning	$250–$600	**Quote-based**

Emergency Services

SERVICE	PRICE RANGE (CAD)	TASKLY TARGET PRICE
Plumber (standard hours)	$110–$200/hr	**$149/hr (min 1 hr)**
Plumber (emergency/after-hours)	$200–$350/hr	**$249/hr (min 1 hr)**
Electrician (standard)	$100–$180/hr	**$139/hr (min 1 hr)**
Electrician (emergency)	$180–$300/hr	**$229/hr (min 1 hr)**
HVAC Repair	$120–$250/hr	**$159/hr (min 1 hr)**
Locksmith	$100–$250 flat	**$129 flat (standard)**

Maintenance & Seasonal

SERVICE	PRICE RANGE (CAD)	TASKLY TARGET PRICE
Handyman (general)	$50–$90/hr	**$69/hr (min 2 hrs)**
Furniture Assembly	$50–$80/hr	**$59/hr (min 1 hr)**
Painting (per room)	$300–$700	**Quote-based**
Snow Removal (driveway)	$40–$100/visit	**$59/visit**
Lawn Care (standard lot)	$40–$80/visit	**$49/visit**
Gutter Cleaning	$150–$300	**$179 flat**
Window Cleaning (house)	$150–$400	**Quote-based**
Pressure Washing (driveway)	$150–$350	**$199 flat**

Pricing Strategy: Position at mid-market — below premium contractors, above Kijiji/gig economy. Flat-rate where possible (cleaning, locksmith, seasonal) to reduce friction. Hourly with minimum for trades. Quote-based for complex/variable jobs.

2.4 Pain Points

Customer Pain Points

1. **Trust deficit** — Hard to verify if a contractor is licensed, insured, and reliable
2. **Price opacity** — No standardized pricing; quotes vary wildly for the same job
3. **Booking friction** — Phone tag, no-shows, delayed responses
4. **No recourse** — If something goes wrong, you're on your own
5. **Discovery fatigue** — Scrolling through Kijiji, Google, asking friends takes hours
6. **Emergency stress** — Burst pipe at 2 AM and you can't find anyone

Provider Pain Points

1. **Lead generation costs** — HomeStars leads cost $15–$50 each with no guarantee of conversion
2. **Payment collection** — Chasing invoices, cash/e-Transfer hassles
3. **Schedule gaps** — Idle time between jobs, no steady pipeline

4. **Admin overhead** — Quoting, invoicing, scheduling eat up time
5. **Price competition** — Race to the bottom on classifieds platforms
6. **No brand** — Independent contractors struggle to build brand/reputation online

2.5 Regulatory Requirements (Ontario)

REQUIREMENT	DETAILS
WSIB Registration	Mandatory for construction industry workers. 2026 premium rate: $1.23 per $100 insurable payroll.
Trade Licenses	Plumbers, electricians, HVAC technicians require valid Ontario trade licenses (Certificate of Qualification from Skilled Trades Ontario).
General Liability Insurance	All contractors should carry minimum $2M general liability insurance.
Business Registration	Ontario Business Registration (Master Business Licence). HST registration required if revenue exceeds $30,000.
Consumer Protection Act	Ontario CPA governs service contracts. Clear cancellation policies, no misleading pricing.
Background Checks	Not legally mandated but critical for trust. Use CPIC criminal record checks.
Privacy (PIPEDA)	Federal privacy law governs collection/use of personal information. Requires consent and secure storage.
Municipal Business Licences	Some GTA municipalities require specific business licences for certain trades.

Taskly's Approach: Require all providers to maintain valid trade licence (for regulated trades), minimum $2M liability insurance, WSIB clearance certificate (where applicable), clean criminal background check (within 12 months), and proof of right to work in Canada.

3. Business Model

3.1 Revenue Streams

REVENUE STREAM	DESCRIPTION	% OF REVENUE (MATURE)
Service Commission	% of each booking taken from provider payout	65%
Customer Convenience Fee	Small fee added to customer invoice	10%
Subscription Plans	Monthly/annual membership for recurring services	15%
Priority/Surge Fees	Premium for emergency/same-day bookings	7%
Featured Listings	Providers pay to appear as "Taskly Recommended"	3%

3.2 Commission & Fee Structure

COMPONENT	RATE	NOTES
Platform Commission (from provider)	20%	Taken from provider's service revenue
Customer Service Fee	5–8%	Added on top of service price, visible at checkout
Emergency Booking Surcharge	+$20–$40 flat	For same-day / after-hours requests
Cancellation Fee (customer, <4 hrs)	$25–$50	Protects providers from last-minute cancellations
Cancellation Fee (provider)	Score penalty + $0	Reliability score impact; repeated = suspension

Effective Take Rate: ~25–28% (commission + service fee combined). Competitive with Urban Company (~25–28%) and below their peak rates. Higher than TaskRabbit (~15%) but justified by the managed experience, guaranteed bookings, and payment processing.

3.3 Pricing Strategy Per Vertical

VERTICAL	PRICING MODEL	RATIONALE
Cleaning	Flat rate by home size + service type	Eliminates price anxiety; easy to compare; high standardization
Emergency	Hourly rate + diagnostic fee + parts	Complexity varies too much for flat rate; transparent hourly
Maintenance	Hourly (min 2 hrs) or quote-based	Small tasks = hourly minimum; larger jobs = quote after assessment
Seasonal	Per-visit flat rate or seasonal package	Predictable pricing drives subscriptions

3.4 Subscription / Membership Tiers

PLAN	PRICE (CAD/MO)	INCLUDES	TARGET CUSTOMER
Taskly Basic	Free	Standard booking, 5% service fee	One-off users
Taskly Plus	$14.99/mo	No service fee, priority booking, 10% off first booking/month	Regular users (biweekly cleaning)
Taskly Home	$29.99/mo	All Plus benefits + 1 free handyman hour/month, emergency priority queue, dedicated support	Homeowners, families
Taskly Property	$79.99/mo per unit	All Home benefits + multi-unit dashboard, bulk scheduling, tenant request portal	Property managers, landlords

Projected Mix (Year 2): 60% Free, 25% Plus, 10% Home, 5% Property

3.5 Emergency Surge Pricing Model

SCENARIO	MULTIPLIER	EXAMPLE
Standard hours (8 AM – 6 PM weekdays)	1.0×	Plumber: $149/hr
Evenings (6 PM – 10 PM)	1.25×	Plumber: $186/hr
Weekends/Holidays	1.3×	Plumber: $194/hr
After-hours (10 PM – 8 AM)	1.5×	Plumber: $224/hr
Peak demand (low supply)	Up to 1.75×	Dynamic, capped at 1.75×

Surge pricing is always shown transparently before booking confirmation. Subscription members (Home, Property) get surge-cap protection at 1.3×.

3.6 Provider Payout & Incentives

Payout Structure: Providers receive 80% of the service price. Payouts processed weekly via direct deposit (Stripe Connect). Same-day payout available for 1% fee (via Stripe Instant Payouts).

INCENTIVE	DETAILS
New Provider Bonus	Reduced commission (15%) for first 20 bookings
Peak Hours Bonus	+10% payout for bookings during high-demand windows
Consistency Bonus	$100/month bonus for 95%+ completion rate & 4.8+ rating
Referral Bonus	$75 per referred provider who completes 10 bookings
Volume Tiers	Commission drops to 18% after 50 bookings/month

3.7 Unit Economics

Per-Booking Economics — Standard Cleaning (2-Bed, $139)

LINE ITEM	AMOUNT
Customer Pays	$139 + $9.73 service fee (7%) = **$148.73**
Provider Receives	$139 × 80% = **$111.20**
Taskly Commission	$139 × 20% = **$27.80**
Taskly Service Fee	**$9.73**
Gross Revenue per Booking	**$37.53**
Payment Processing (Stripe ~2.9% + $0.30)	-$4.61
Insurance/Guarantee Reserve (2%)	-$2.97
Customer Support Allocation	-$2.50
Net Revenue per Booking	**$27.45**
Net Margin per Booking	**~18.5%**

4. Go-to-Market Strategy

4.1 Launch Markets (Phased Geographic Rollout)

1

Wave 1 — Downtown Core + Midtown Toronto

Month 1–3

- Neighborhoods: Liberty Village, King West, Queen West, The Annex, Yorkville, Midtown, North York (Yonge corridor)
- Highest density of condo renters/young professionals who book cleaning digitally
- **Target:** 50 cleaning providers, 500 bookings/month by Month 3

2

Wave 2 — Expand Toronto + Inner Suburbs

Month 4–6

- Add: Etobicoke, Scarborough, East York, all of North York
- Add emergency services vertical (plumbing, electrical, locksmith)
- **Target:** 150 providers, 1,500 bookings/month by Month 6

3

Wave 3 — Full GTA

Month 7–12

- Add: Mississauga, Brampton, Vaughan, Markham, Richmond Hill, Oakville
- Add maintenance + seasonal verticals
- **Target:** 500 providers, 3,000 bookings/month by Month 12

4.2 Supply-Side Acquisition (Provider Recruitment)

Strategy: "Best gig they've ever had"

CHANNEL	TACTIC	EXPECTED YIELD
Direct Outreach	Contact top-rated cleaners on HomeStars, Google, Yelp. Pitch guaranteed bookings	30%
Cleaning Company Partnerships	Partner with small cleaning companies (5–15 cleaners)	25%
Indeed/Job Boards	"Earn $25–$35/hr as a Taskly Cleaning Professional"	20%
Referral Program	$75 per referred provider who completes 10 bookings	15%
Community Networks	Partner with newcomer settlement agencies, community centres	10%

4.3 Demand-Side Acquisition (Customer Channels)

CHANNEL	BUDGET	CAC EST.	NOTES
Google Ads (Search)	30%	$40–$60	High intent: "house cleaning Toronto", "plumber near me"
Instagram/Facebook Ads	20%	$25–$40	Visual before/after content, targeting condo dwellers 25–45
SEO/Content Marketing	15%	$10–$20	Blog targeting high-intent keywords
Referral Program	15%	$20–$30	$25 credit for referrer + $25 off first booking
Partnership Marketing	10%	$15–$25	Property managers, real estate agents, condo boards
Local/Guerrilla	10%	$15–$30	Flyers in condo mailrooms, local Facebook groups

4.4 Phased Vertical Rollout

1

Cleaning Only

Month 1–3

- Standard cleaning, Deep cleaning, Move-in/move-out, Post-renovation

2

+ Emergency Services

Month 4–8

- Plumbing, Electrical, Locksmith, Appliance repair

3

+ Maintenance

Month 9–14

- Handyman, Painting, Furniture assembly, Drywall, Caulking/grouting

4

+ Seasonal

Month 12–18

- Snow removal, Lawn care, Gutter cleaning, Window cleaning, Pressure washing

Why Cleaning First: *Highest frequency (weekly/biweekly) = fastest path to recurring revenue. Lowest regulatory barrier. Easiest to standardize. Builds customer trust for higher-value services. Urban Company's proven playbook.*

4.5 Partnership Opportunities

PARTNER TYPE	VALUE PROPOSITION	REVENUE MODEL
Property Management	Streamline maintenance requests, tenant move-in/out cleaning	Bulk pricing (15% discount), annual contracts
Real Estate Agents	"Taskly Welcome Package" at closing	Co-marketing, branded gift
Condo Boards	Preferred vendor, resident discounts	Captive audience of 200–500 units
Airbnb/STR Hosts	Automated turnover cleaning between guests	API integration, volume pricing
Insurance Companies	Preferred vendor for emergency repairs	Priority referral agreements
Home Warranty Co.	Fulfill warranty claims via Taskly network	Service fulfillment fees

5. Operations

5.1 Provider Vetting Process

1 **Application (Online Form)**

Initial application with basic information and service category

↓

2 **Document Verification (1–2 days)**

Valid ID, trade licence, proof of $2M liability insurance, WSIB clearance, business registration

↓

3 **Background Check (3–5 days)**

CPIC criminal record check, vulnerable sector check (optional), 2 professional references

↓

4 **Skill Assessment**

Cleaning: in-person/video assessment • Trades: licence + portfolio • Handyman: skills quiz + photos

↓

5 **Onboarding (1 day)**

Platform training, service standards, brand guidelines, supervised test booking

↓

✓ **Active Provider**

Maintain 4.5+ rating, annual insurance & background check renewal, minimum 4 bookings/month

5.2 Booking Flow

Mode 1: Instant Booking (Cleaning, Seasonal)

Customer selects service → Chooses date/time → Confirms flat-rate price → Auto-matched with available provider → Booking confirmed instantly → Provider arrives → Service completed → Customer rates → Payment processed

Mode 2: Scheduled Booking (Maintenance, Non-Urgent Trades)

Customer selects service → Describes job (text + photos) → Selects preferred window → Matched to qualified provider → Provider confirms availability + quote → Customer approves → Service performed → Customer rates → Payment processed

Mode 3: Emergency Booking (Emergency Services)

Customer selects "Emergency" → Describes issue → System broadcasts to nearby available providers → First provider accepts (within 15 min target) → Provider dispatched with ETA → Service performed → Customer rates → Payment processed

5.3 Quality Assurance

MECHANISM	DESCRIPTION
Two-Way Ratings	Customers rate providers (1–5 stars + tags). Providers rate customers.
Before/After Photos	Providers required to upload photos for cleaning jobs. Auto-prompted in app.
Service Checklists	Digital checklists for each service type. Customer can see what was done.
Post-Service Survey	Automated NPS survey 2 hours after completion. Low scores trigger follow-up.
Mystery Bookings	Quarterly QA bookings by Taskly staff to evaluate provider quality.
Re-Do Guarantee	If customer is unsatisfied, another provider sent within 48 hours at no charge.

5.4 Dispute Resolution & Guarantee Policy

Taskly Satisfaction Guarantee:

- Cleaning not up to standards? We re-clean within 48 hours — free
- Repair fails within 30 days? Provider returns at no additional labour cost
- Property damaged during service? Covered up to $10,000 (provider liability insurance + Taskly platform insurance)

Refund Policy

SCENARIO	POLICY
Cancellation >24 hrs before	Full refund
Cancellation 4–24 hrs before	50% refund
Cancellation <4 hrs before	No refund (provider compensated)
No-show by provider	Full refund + $25 credit
Unsatisfactory service	Re-do or full refund (Taskly's discretion)

5.5 Insurance & Liability Model

COVERAGE	PROVIDER	AMOUNT
General Liability	Each provider (required)	Min $2M
WSIB	Each provider (where applicable)	Per Ontario requirements
Platform Insurance	Taskly (umbrella policy)	$5M aggregate
Property Damage	Taskly guarantee fund	Up to $10K per incident
Cyber/Data	Taskly	$1M — covers data breach liability

Cost: Platform insurance estimated at $15K–$25K/year initially, scaling with bookings.

6. Revenue Projections

6.1 Year 1–3 Financial Projections

Year 1 — Launch & Establish

METRIC	Q1	Q2	Q3	Q4	YEAR 1 TOTAL

NET INCOME

18,000
MONTHLY BOOKINGS (AVG)

6.2 Unit Economics by Vertical (Mature State)

VERTICAL	AOV	BOOKINGS/MO	GMV/MO	GROSS MARGIN	CONTRIBUTION
Cleaning	$155	10,000	$1.55M	30%	$465K
Emergency	$280	2,500	$700K	22%	$154K
Maintenance	$175	3,500	$613K	25%	$153K
Seasonal	$120	2,000	$240K	28%	$67K
Total	$185	18,000	$3.1M/mo	27%	**$839K/mo**

6.3 Break-Even Analysis

SCENARIO	MONTHLY BOOKINGS NEEDED	TIMELINE
Cash-flow break-even	~1,800/month @ $160 AOV	Month 7–8
Fully-loaded break-even	~3,500/month	Month 14–16
Payback on seed investment ($500K)	—	Month 18–22

6.4 Funding Requirements & Use of Funds

Seed Round: $500K (self-funded + angel investors)

CATEGORY	AMOUNT	%	DETAILS
Product Development	$125K	25%	App development, infrastructure, integrations
Marketing & Growth	$175K	35%	Paid acquisition, referral programs, partnerships
Operations	$75K	15%	Provider onboarding, quality assurance, insurance
Team	$100K	20%	Key hires (ops manager, growth marketer, support)
Reserve	$25K	5%	Contingency

Series A (Month 14–18, if pursuing aggressive growth): $2–3M

Use: Expand to Ottawa, Hamilton, Kitchener-Waterloo. Scale marketing spend. Build provider training academy. Hire engineering team for platform v2.

7. Tech Platform Spec

7.1 Tech Stack

LAYER	TECHNOLOGY	RATIONALE
Frontend	Next.js (App Router)	SSR for SEO, React ecosystem
Backend/Database	Supabase (PostgreSQL + Auth + Realtime + Storage)	Rapid development, real-time subscriptions, RLS
Payments	Stripe Connect	Split payments, provider payouts, subscription billing
Hosting	Vercel	Seamless Next.js deployment, edge functions
Maps/Geocoding	Google Maps Platform	Address autocomplete, provider routing
Communications	Twilio (SMS) + SendGrid (Email)	Booking confirmations, reminders, notifications
Background Checks	Certn API	Canadian-focused background check provider
Push Notifications	Firebase Cloud Messaging	Cross-platform push for mobile web / PWA
Analytics	PostHog or Mixpanel	Product analytics, funnel tracking
Monitoring	Sentry + Vercel Analytics	Error tracking, performance monitoring

7.2–7.4 Platform Features

Customer App

- Browse services by category
- Instant booking with date/time picker
- Real-time provider matching & ETA
- In-app messaging with provider
- Secure payment (Stripe, Apple Pay, Google Pay)
- Booking history and rebooking
- Provider profiles with verified credentials
- Real-time provider tracking
- Before/after photos viewable
- Subscription management & recurring bookings

Provider App

- Job feed / booking requests
- Accept/decline bookings
- Daily/weekly schedule view
- Turn-by-turn navigation
- Earnings dashboard & payout history
- Digital service checklist
- Before/after photo upload
- Time tracking for hourly services
- Manage availability & documents
- Training materials & service guides

Admin Dashboard

Operations

- Real-time booking map
- Provider pipeline
- Booking management
- Dispute resolution queue

Analytics

- GMV, revenue, bookings
- Provider & customer metrics
- Geographic demand heatmap
- Category performance

Finance & Quality

- Payout management
- Subscription tracking
- Low-rating alerts
- Mystery booking scheduling

7.5 Key Integrations

TASKLY PLATFORM

Next.js + Supabase

PAYMENTS	MAPS	SMS
Stripe Connect	**Google Maps API**	**Twilio**
Split payments & payouts	Geocoding & routing	Notifications & alerts

EMAIL
SendGrid
Transactional email

8. Competitive Advantages

8.1 What Makes Taskly Different

DIFFERENTIATOR	HOMESTARS	TASKRABBIT	JIFFY	TASKLY
Managed marketplace	✗	Partial	✓	✓
Instant booking	✗	✓	✓	✓
Flat-rate pricing	✗	✗	✓	✓
In-app payments	✗	✓	✓	✓
Background checks	Partial	✓	✓	✓ (CPIC + annual)
Emergency services	✗	✗	✓	✓ (with surge)
Subscription plans	✗	✗	✗	✓
Before/after photos	✗	✗	✗	✓ (required)
Service guarantee	✗	✗	Limited	✓ (re-do + $10K)
Property mgmt portal	✗	✗	✗	✓
Provider training	✗	✗	✗	✓

8.2 The Urban Company Playbook — Adapted for Canada

What We Borrow

What We Adapt for Canada

1. Managed marketplace model — own the experience
2. Standardized pricing — know the price before booking
3. Provider investment — training, tools, brand
4. Cleaning as wedge — high frequency builds trust
5. Ratings-driven quality — algorithmic matching

1. Higher provider take-home (80% vs UC's ~72%)
2. Regulatory compliance as feature
3. Seasonal vertical (snow removal Oct–Apr)
4. Property management vertical
5. No product sales (stay asset-light)
6. Less aggressive commission (start at 20%)

8.3 Trust & Safety as a Moat

Trust is the #1 barrier in home services. *Someone is entering your home. Taskly's 10-layer trust stack — from verified identity and CPIC background checks to $10K property protection and mandatory before/after photos — is expensive and operationally complex to replicate. It's not a feature. It's a moat.*

#	TRUST LAYER	DESCRIPTION
1	**Verified Identity**	Government ID verification for all providers
2	**Criminal Background Check**	CPIC check, renewed annually
3	**Trade Verification**	Licence numbers verified with Skilled Trades Ontario
4	**Insurance Verification**	$2M liability insurance confirmed and tracked
5	**WSIB Compliance**	Clearance certificates on file
6	**Real-Time Tracking**	Know when your provider is arriving
7	**Before/After Documentation**	Photo evidence of every job
8	**Satisfaction Guarantee**	Re-do or refund, no questions asked
9	**$10K Property Protection**	Damage coverage beyond provider insurance
10	**Two-Way Ratings**	Both parties are accountable

9. Risks & Mitigations

RISK	SEVERITY	LIKELIHOOD	MITIGATION
Low provider supply at launch	High	Medium	Pre-recruit 50 providers. Offer 15% commission for first 20 bookings. Partner with small cleaning companies.
Customer acquisition costs too high	Medium	Medium	Focus on high-LTV channels (referrals, partnerships). Cleaning subscription = low CAC amortization.
Provider quality inconsistency	High	Medium	Rigorous vetting, mandatory checklists, mystery bookings, fast suspension for low performers.
Regulatory/WSIB complexity	Medium	Low	Legal counsel on retainer. Compliance built into onboarding. Automate document expiry tracking.
Competitor response	Medium	Medium	Move fast on trust/quality differentiation. Subscription lock-in. Sticky property management relationships.
Seasonality	Low	High	Seasonal vertical fills winter demand. Push indoor services in winter.
Insurance claim / major incident	High	Low	Platform insurance policy. Strict vetting. Incident response playbook.

10. Actionable Next Steps

Immediate (Next 30 Days)

- [ ] **Register business:** Incorporate Taskly (Ontario corp or federal). Register domain taskly.ca. Trademark application.
- [ ] **Legal:** Engage startup lawyer for terms of service, provider agreements, privacy policy, insurance structure.
- [ ] **MVP build:** Customer booking flow (cleaning only), provider acceptance flow, Stripe Connect integration, basic admin dashboard.
- [ ] **Provider recruitment:** Begin outreach to 100 cleaning professionals via HomeStars, Indeed, and community networks. Target 50 for launch.
- [ ] **Insurance:** Obtain platform liability insurance quote. Set up provider insurance verification process.
- [ ] **Brand:** Finalize logo, brand guidelines, social media accounts (@tasklyca).

Pre-Launch (Days 30–60)

- [ ] **Beta test:** 20 beta customers × 50 bookings. Iterate on UX and provider experience.
- [ ] **Provider onboarding:** Finalize vetting pipeline (Certn for background checks, document upload flow).
- [ ] **Pricing validation:** A/B test pricing with beta customers. Confirm willingness to pay.
- [ ] **Partnership outreach:** Contact 10 property management companies, 20 real estate agents.
- [ ] **Content/SEO:** Publish 10 SEO articles targeting high-intent keywords.

Launch (Days 60–90)

- [ ] **Public launch:** Downtown Toronto + Midtown. Google Ads + Instagram campaign.
- [ ] **First 200 customers:** "First Clean Free" promo (up to $99 value).
- [ ] **PR:** Local media outreach — BlogTO, Toronto Life, BetaKit, TechTO.
- [ ] **Iterate:** Weekly review of ratings, NPS, provider feedback. Fix top 3 issues every week.

Post-Launch (Month 3–6)

- [ ] **Emergency vertical:** Begin recruiting licensed plumbers, electricians, locksmiths.
- [ ] **Subscription launch:** Introduce Taskly Plus and Taskly Home tiers.
- [ ] **Geographic expansion:** Expand coverage to full Toronto and inner suburbs.
- [ ] **Fundraise (optional):** If metrics are strong, begin angel/seed conversations.

Appendix: Key Assumptions

ASSUMPTION	VALUE	SENSITIVITY
Average take rate	27%	±3% has moderate impact on break-even
Customer acquisition cost	$45 (blended)	If >$70, adjust channel mix
Provider churn (monthly)	8%	If >12%, revisit payout/incentive structure
Customer retention (12-month)	40%	Subscriptions should push this to 50%+
Avg bookings per provider/month	15	Below 10 = supply/demand imbalance
Payment processing cost	2.9% + $0.30	Stripe standard; negotiate at volume

This plan is a living document. Update quarterly based on actual metrics vs. projections.
